DIRECTIONS: 1. Identify the top 8 areas of your family life that could benefit from improvement.
2. Rank each area from 1 to 8 based on its priority compared to others. 1 is the highest priority, while 8 is the lowest.

Area to Improve	Ranking	Area to Improve	Ranking

SPECIFY & DESCRIBE: In the space below, write down your areas to improve from most to least important. Now describe the current state. Why is it an area that needs improvement? What is lacking from this area of your home or family? Try to put in any quantifiable items that come to mind. If you can look up the numbers, go do it.

ENVISION: Envision what the future state could be like for each of these areas. Make sure this is realistic and achievable.
